Pro Roller x-Series

Travel-ready, refined and full of inventive details – now instore for Christmas

The **Pro Roller x-Series** is a hardworking mobile studio – with a few inventive surprises built into its modern design.

Airport-friendly and super-secure, it holds a notebook, and is filled with refined yet practical features, such as the Reserve Pack – a camera backpack that zips out of the hard case when a photographer needs to downsize. A zippered front panel secures the hard case for check-in or storage while the Reserve Pack is in use. The exclusive Lock & Go System™ features a combination lock and a retractable cable to keep gear secure. The **Pro Roller x-Series** is a true companion for the pro who needs to get gear safely and easily to each assignment.

Features and benefits

- | | |
|-----------------------------|---|
| Exclusive Lock & Go System™ | ▶ a retractable cable connects universally to an official Travel Sentry® lock (recognised by TSA) and secures all components and pockets with one streamline system |
| Reserve Pack | ▶ provides a dual carrying option. Use as an impromptu backpack or to downsize in last-minute scenarios where a smaller aircraft requires smaller dimensions for carry-on |
| Retractable TelePod™ Handle | ▶ features left-right operating buttons and threaded camera mount which turns handle into an impromptu tripod-like platform for shooting or lighting |
| Hideaway Tripod Mount™ | ▶ secures a tripod two ways—at front or side of Pro Roller x-Series |
| Wheels with custom housings | ▶ are removable and replaceable with an Allen wrench |
| SlipLock™ attachment loops | ▶ expand carrying options for add-on accessories |
| Additional storage spaces | ▶ provide added carrying capacity for ID card, documents, pens and business cards |
| Hideaway prop foot | ▶ allows bag to be placed at a 30–45 degree angle in a stable position |
| Airline carry-on compatible | ▶ x100 and x200 fit most airline carry-on requirements |

About Lowepro

Lowepro founder Greg Lowe established the company's reputation for quality and innovative design in 1967 when he introduced the world's first internal-frame backpack. More than 40 years later, Lowepro continues to revolutionise the industry with pioneering design and superior quality with the most extensive line of protective carrying solutions for photographic and electronic equipment including products for cameras, camcorders, notebook computers, imaging accessories and portable consumer electronics.

Lowepro products are distributed in more than 100 countries through photo, outdoor, computer, consumer electronic, mail order and online resellers, in addition to OEM partnerships. Lowepro offices are located in the United States, Canada, the United Kingdom, Australia, Switzerland and Germany.
